

# DICTATORSHIP OR PARTNERSHIP?

Give them no choice, but to listen!

## **The fluoride dosing of Kaikohe and Kaitaia water supplies ceased on March 31st 2009!**

The trial has finished, and the next step is to make the medication of our water supply permanent.

The issue is on the Council agenda for April 30th, where the Northland DHB fluoride promotional staff will offer to pay the initial costs as an incentive to the Council to push their agenda.

## **FRAUDULENT CLAIMS UNCOVERED!**

**THE NORTHLAND DHB USED FALSE CLAIMS OF SUPPORT FOR OBTAINING ETHICS APPROVAL FOR THEIR TRIAL SURVEY.**

They listed Te Runanga O Te Rarawa, and Maori MP Hone Harawira as the "forefronters" of the trial, when they were no such thing. They had no support stated from 2 other major iwi. They boasted in a Dental Journal article of having best practice around consultation with iwi consistent with the Treaty of Waitangi. All fraudulent claims. The DHB are presently facing these issues yet want to rush through another trial, and before the FNDC's Future Plan is adopted.

Each and every member of the community that does not wish to be medicated via their water, or is concerned about fraudulent consultation claims must come to this very important event!
